

The Women's Health Initiative 2025 Annual Investigator Meeting

*Changing the future of
women's health*

www.whi.org

Welcome!

Science, Networking, Collaborations and Inspiration!

Welcome to everyone!

First time attendees (both in-person and virtual) – special welcome! We want to get to know you and help cultivate your interest in WHI. The program book and the WHI website (www.whi.org) highlight many ways to get involved. There will be networking opportunities at lunch, the poster session and dinner.

Many of you have questions and concerns about WHI's future. The networking opportunities will be a chance to connect with each other about ways to preserve WHI science.

Meeting Overview

- Rebecca Jackson keynote lecture
- 5 plenaries
- 2 Ignite sessions
- Poster session
- Time for networking and connecting

Thanks and Gratitude

Annual Meeting Planning Committee:

THE WOMEN'S
HEALTH INITIATIVE

2025 WHI Investigator Meeting Day 1 Logistics

- WiFi: Fred Hutch Guest – no password needed.
- Restrooms are behind the front desk in this building; just past the front desk and near the cafeteria in the Arnold building.
- Presenters should advance their own slides and advance to the next slide at the end of their presentation, please stay within your allotted time.
- Please use the microphone to ask questions during the Q&A. Remote attendees please use the chat feature for Q&A.
- Group photo will be right after the morning session before we go to lunch. CCC staff will direct everyone outside to the Thomas Stairs.
- Poster presenters please bring your posters to CCC staff at the registration desk.
- Poster session and light appetizers will be held in the Prentice Atrium in Arnold.
- Group dinner & celebration at Waterways doors open at 5:45pm. Preregistration required.
- Recordings and slides will be posted on the WHI website after the meeting.

Dr. Rebecca (Becky) Jackson Lecture

- Each year we remember and recognize our colleague, Dr. Becky Jackson
- Becky embodied WHI's theme – ***changing the future of women's health***
- PI of the WHI clinical/field/regional center at The Ohio State University
- 25+ years of leadership in WHI
 - Steering Committee Chair
 - Scientific Resources Working Group Chair
 - Genetics SIG Founder
 - Constant source of pushing forward the best science and collaborations

Dr. Rachel Whitmer
